All bills are due on the first of each month. Bills are considered *past due* after the 10th. A penalty of 10% is assessed after the past due date. There is a \$1.00 service charge for a written receipt. To avoid this service charge, bring your bill when paying on your account.

A delinquent list is made on the 14th of each month of any and all accounts having two outstanding bills. On the 15th the list will be turned over to personnel responsible for cutting off water. Once an account is placed on this list, both bills are due and payable (even if the water has not been cut off yet). If the water is cut off, then the full bill plus a \$20.00 fee will be required before service is restored. Payment must be received in the office by 3:30 pm in order for service to be restored that day. In the event payment is made after 3:30 pm, water service will not be restored until the ***next business day***. Any meter that has been tampered with will be subject to a citation for illegally obtaining water and required to appear in court (plus any service charges or fees that may apply).

Garbage is mandatory inside the city and optional outside the city (provided the route goes by the location in question). The first cart is furnished by the city. All additional carts are approximately \$70.00 each. The cart **must be pushed to the curbside** the night before or the morning of pickup.
